

WHO ARE WE

We are a Model United Nations Club that helps and supports its members to talk about global issues, find solutions to ongoing crises and think on their feet. We are community that joins MUN's from other schools as well for reasons such as getting to know MUN society better, gaining experience on various committees, keeping up with world and improving ourselves

WHAT WE HAVE DONE IN 2019-2020

Between 5th and 8th of March, our school had their first edition of nothing but their own MUN conference, MUNSA. This organization had 7 committees, 300 delegates, over 25 student officers and a very large organization team.

It took us 7 months to organize MUNSA on every aspect and with our hard work we had a successful outcome on every

committee. Students all over Turkey come here with only one purpose, being part of something magnificent: MUNSA.

Also our members joined respectable amount of conferences organized by other schools as crisis members, chairs, academic assistants, delegates, presses and admins.

WHAT ARE WE GOING TO DO NEXT

We had our first meeting of the academic year 2020-2021. This year our goal is having an exclusive club that only contains experienced students who take interest in topics such as but not limited to: politics, human rights, economy, history and the future of the world. This year with the special conditions of pandemic, we will have online meetings and debates that will prepare our students for their future experiences.

Also we hope to start organizing the second annual edition of MUNSA.
